

Book For Life Manager
Mark Ellis,

Dear Mark,

As a cover of Player Review
at Farnham Park, I thank the Book For Life B.A.T. that
worked on Player on Tuesday 13th May.

I revisited the reserve on the 21st after the rain and
to see large areas virtually weed free and the native
plants looking refreshed. The Kunen grass and Punshies
are looking a great and all thanks go to Rendale and
Ginnane for their direction of the volunteer weeders, the
weeders need praise for their efforts as some of reserve
now looks the best I've seen it in years.

Mark, if you can pass on my thanks I'd be grateful
as their hard work has given me incense to carry on the
good work - to paraphrase Andrews - "they are all legends".

Yours sincerely

Ken Pease
